

Dear Upcoming 4th and 5th Grade Jensen Families,

Battle of the Books is coming to Jensen Ranch. This program gives students the opportunity to further improve their reading skills as well as have them read books from a wide variety of genres. It opens the door for students to become familiar with and develop their personal interests as readers.

We have provided a list below of the books that will be required for next year's battle. We are encouraging students to start reading these books over the summer. While they will need to find these titles on their own at their local library over the summer, copies of the books will be available in the classrooms and school library in the fall.

Happy Reading!!!

Aida Sakalauskaite
Battle of the Books Coordinator
